Workshop Agenda: Using the LegiStats Module

DESCRIPTION

The *LegiStats* module in IQ4 allows offices to view bill related information, including open messages the office has received concerning a bill, sponsors for a bill, and votes for a bill. LegiStats also enables you to view current Members of Congress and their constituents' demographic information.

In this workshop, a user learns how to navigate the LegiStats module to find and utilize these important pieces of information.

OPTIONAL

To enhance the learning experience of this virtual training, participants may follow the instructions provided in the presentation by logging into their IQ account using an additional workstation.

Since the training session is a LIVE demonstration, please keep in mind that technical issues unrelated to the course may need to be addressed outside the session by an Office IQ Consultant.

1 Agenda

Processing and Viewing Bills in LegiStats

Viewing Member information

Viewing and Analyzing Voting information

Viewing and Analyzing Demographics

2 Wrap Up
